

Madero Will Rush The Rebel Lines Before Night

All Houses In Direct Line Of Artillery Fire Are Being Dynamited By Federals---Diaz Asks For Recognition By United States But Is Refused---Battle Rages Throughout The Day

SHELLS SWEEP STREETS BUT ONE CANADIAN WOMAN VICTIM OF WAR NEITHER SIDE SECURES THE ADVANTAGE

(By Associated Press)
MEXICO CITY, Feb. 14.—The rebels opened the battle today at quarter to six, when they started firing in the direction of the federal concentration points. This came as a reply to the ultimatum sent by President Madero to Felix Diaz demanding his surrender. The first salvo from the rebel lines was followed quickly by a series of others, and then the machine guns and rifles began to bark, the fire being concentrated where government troops were gathered.

The federal guns made a vigorous reply. By 7 o'clock the firing rolled into a steady fusillade.

A constant stream of refugees, most of them Mexican citizens, were observed hurrying toward the suburbs. The federal guns stationed near the British legation poured a constant stream of shells into the arsenal and another federal battery posted on San Juan De Letran joined in.

Diaz, in a formal note to Ambassador Wilson, asked for recognition by the United States government, stating he was in complete control of the city. Wilson replied promptly saying he was not able to see the situation as Diaz explained it and added, he was assured by Madero that the government was in control.

Up to noon no appreciable gain was made by either side. Madero received reinforcements during the night and more are expected today. It is proposed to rush the rebel lines before night.

Many shrapnel shells fell today around the cable office and the American club. Others reached their mark at the national palace. Mrs. Greenfield, a Canadian, was killed by a shell and is the third foreign woman to be killed.

SHOOTS SELF IN HAND WHILE PACKING TRUNK

ED GENTRY LOSES FINGER FROM WOUND RECEIVED IN ACCIDENTAL MANNER

Through the accidental discharge of a revolver, Ed Gentry, a local miner, was shot in the hand last night, receiving an injury that necessitated the amputation of his first finger by Dr. Grigsby.

Gentry was engaged in packing a trunk at his home about 7:30 o'clock in the evening. The revolver was in the trunk and had been carried in that receptacle for a number of years. Gentry was of the belief that the weapon was not loaded, as he declares the chambers were empty of cartridges when the gun first came in his possession. During the process of packing the trunk he picked up the weapon several times and on the last occasion managed to press the trigger in some unaccountable manner. The bullet entered the forefinger of the left hand, crushing the knuckle and leaving the finger hanging by shreds of flesh. The services of Dr. Grigsby were secured and the injured finger amputated and the wound dressed.

Gentry was up and about town this morning and although suffering a slight inconvenience from the wound he was experiencing no pain.

A Thing of Beauty Is A Joy Forever

And its value is doubled when you can buy it at a price far less than usual.

Now is the time when such opportunities abound. Spring stocks are coming in. Winter clothes and winter furnishings must be sold.

Now the merchant marks down his suits and coats, his draperies, linens, and other household furnishings. Good housekeepers sense their values. They hasten to take advantage of these aids to economical living.

Read THE BONANZA closely and constantly every night, so that you may not miss one of these opportunities.

In this way you will know where to buy, what to buy, and when to buy to best advantage. Every advertisement is a message to you from a reliable merchant whose values and merchandise are of the best.

BUT ONE THING CAN MAKE TAFT INTERVENE

IF AMERICANS ARE TURNED UP-ON BECAUSE OF NATIONALITY LOOK FOR WAR

(By Associated Press)
WASHINGTON, Feb. 14.—President Taft declared today that only one thing could force him to ask congress to intervene in Mexico. If the Madero or Diaz forces should turn upon Americans, merely because they are Americans, he would rush a special message to congress.

BELIEVES CASH BOY HAS CHANCE FOR BIG STRIKE

HEAD OF LEASING COMPANY EXPLAINS WHY HE SECURED CONTROL OF STOCK

Confirmation was had on Tuesday of the fact that A. S. Ross and associates of Salt Lake City have acquired the complete control of the Cash Boy Leasing company of Tonopah, Nevada, says the Salt Lake Tribune. Ross stating to the Tribune that he had secured not only all the promotion stock but the remaining treasury stock as well. The Cash Boy lies to the west of the Tonopah Merger and the Tonopah Mining properties, the western extension of the resources of which should be found within the Cash Boy lines as quickly as men and money can bring this about.

This deal has necessitated a reorganization of the Cash Boy company, and Ross has been made president and director, the remaining directors being Maurice M. Johnson, Harry S. Knight, E. H. Mead, all of Salt Lake City, and George H. Thatcher, attorney general of the state of Nevada. It is the plan of the company to keep driving until the shaft now being encountered, the shaft now being below the 640-foot level. The management has the advantage of the new compressor, and progress is being made at the rate of three feet daily.

Ross states that he believes the Cash Boy one of the best chances that exist anywhere for success. He has made a careful study of the district, and especially that portion surrounding the Cash Boy ground, and he is not only familiar with the property, but absolutely confident of it. He states that the neighboring companies extended to him every courtesy while there, allowing him every opportunity to ascertain any and all conditions that will be of benefit to the Cash Boy company in the hunt for the same ore as now distinguishes its neighbors.

EXAMINATION OF STOCK BROKER IS AGAIN POSTPONED

FRED WEIR WILL HAVE PRELIMINARY EXAMINATION ON NEXT THURSDAY

Owing to the presence of District Attorney Sanders in the district court, the preliminary examination of Fred Weir, charged with embezzlement, was not held in the justice court today, Judge Dunsen having postponed the hearing until next Thursday. Weir was indicted by the grand jury recently on complaint of James Dunn. The indictment charges embezzlement.

NEW 20-DRILL COMPRESSOR ARRIVES FOR THE WEST END

The new 20-drill capacity air compressor for the West End mine will be installed at the property tonight and will be in working order within the next day or two. The machinery arrived at the local T. & G. depot yesterday and today it is being removed to the mine workings.

The air compressor has an approximate weight of about 20 tons and is of such weight that it is impossible to place it aboard a truck to be moved. The moving process is being carried out with the aid of rollers and while the progress is slow, nevertheless the huge piece of machinery is calculated to reach its resting place this evening.

The air compressor now in use at the West End is of a 10-drill capacity. The new compressor will be placed in position without interfering with the operations of the one now in use and when ready for operation both machines will furnish a capacity of 30 drills, which will allow greater operations in the mine workings of the company.

Superintendent S. H. Brady of the West End placed the order for the new compressor some time ago and the officials have been anxiously awaiting its arrival.

STEAMER SINKS IN BAY BUT PASSENGERS SAVED

(By Associated Press)
SAN FRANCISCO, Feb. 14.—The Sacramento river steamer Seminole was sunk off Angel Island in this bay early today in a collision with the river steamer H. J. Corcoran, during a dense fog. All passengers were rescued.

The Seminole is valued at about \$300,000. The Corcoran capsized and drifted out to sea. The crew was saved by a government tug. The Corcoran had a cargo of sugar and \$6000 in gold aboard.

MEMORIAL SERVICES ARE ATTENDED KING GEORGE

(By Associated Press)
LONDON, Feb. 14.—Great memorial services for Captain Scott and his companions who perished in the Antarctic were held today at the cathedral of St. Paul, and were attended by people from every walk of life from King George to laborers.

MANY COMPANIES ARE FORMED OUT OF STANDARD OIL

THIRTY-FIVE CONSTITUENT CORPORATIONS ARE TRANSACTING BUSINESS

Numerous inquiries have been made of the Bonanza as to the number of companies formed by the dissolution of the Standard Oil company. Thirty-five separate corporations are of a record as a result of the dissolution and the following list gives names of the various constituent concerns, together with the latest available quotations:

	Bid	Asked
Angle Am. Oil	17 1/2	18 1/2
Atlantic Refrigerating	685	695
Borneo-Scripps	220	240
Buckeye	170	173
Chesborough	635	660
Colonial Oil	130	140
Continental Oil	1450	1700
Crescent Pipe	63	65
Cumberland Pipe	65	68
Eureka Pipe	375	380
Galena Sig. pf	134	139
Galena Signal	302	307
Indiana Pipe	145	150
National Transit	46	48
N. Y. Transit	340	345
Northern Pipe	110	115
Ohio Oil Co.	125	127
Prairie Oil & Gas	325	330
Solar Refining	655	665
Southern Pipe	258	263
S. W. Penn. Pipe	154	162
So. Penn. Oil	870	880
Standard Oil, Cal.	183	185
Standard Oil, Ind.	240	245
Standard Oil, Ky.	370	380
Standard Oil, Neb.	305	315
Standard Oil, N. J.	428	430
Standard Oil, N. Y.	678	685
Standard Oil, Ohio	280	290
Swan & Finch	200	230
Union Tank	72	74
Vacuum Oil	175	179
Washington Oil	32	34
Waters-Pierce	1450	1500

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

Three warrants were issued against Weir on the justice court, and the remaining two charges will be taken up at the date set. The action of the grand jury relieved the justice court of further action in the Dunn charge against the former stock broker.

FEAR OF GENERAL EPIDEMIC OF SCARLET FEVER IN TONOPAH CAUSE OF ORDER CLOSING ALL SCHOOLS

Fear of a general epidemic of scarlet fever resulted last night in the board of school trustees issuing an order closing the local schools for an indefinite period. The meeting was attended by the board of commissioners, school trustees, District Attorney Sanders and Dr. C. J. Richards, health officer, and the impending epidemic was thoroughly discussed.

According to the reports of physicians submitted to Dr. Richards, there are 16 cases of scarlet fever now under observation and being treated in this city. Nine new cases developed yesterday, but in every case the illness is slight in character. No patient is seriously ill and several occurrences were reported where parents did not even consult a physician when their children were first taken ill. It is the extreme light nature of the malady that accounts for the general spread. Children have not been confined in their homes, and to the contrary have been allowed to be out on the streets mingling with other children, and in an instance or two, have even been permitted to attend school.

As soon as the cases were reported to the health officer a strict quarantine was established and every attempt made to prevent the further spread of the disease. Dr. Richards has been about town continuously for the past two days establishing a quarantine at the home of every patient suffering from the disease and it appears that his work has been successful. The board of school trustees were anxious to co-operate with the health board as is witnessed by the order directing the closing of schools until further notice. The board also issued a statement to the parents of Tonopah, asking that they keep their children off the streets for at least a week and also prevent them from playing with other children. The germ of scarlet fever is easily carried and it is through playing and coming in contact with the germ-infected patient that the disease spreads. Precaution on the part of the parents will greatly assist in the wiping out of the sickness.

The illness is not confined to children as a number of adults have been placed under quarantine. In all cases though, the fever is slight, not a single instance being reported wherein the patient was considered as being seriously ill.

The Butler theater was also ordered closed at the meeting last night, the order being signed by the county commissioners. In addition all ministers were requested to hold no Sunday school gatherings until danger of the general epidemic has passed. The commissioners have issued a general notice to the public today asking that parents co-operate with the board and health officer in fighting the spread of the disease, as with such co-operation it is believed the fever can be totally eliminated within a short time. Strict sanitary measures are also advocated.

Postmaster Stewart Ill; Removed To The Coast

Suffering from hemorrhage of the stomach, Westley J. Stewart, postmaster of Tonopah, was placed aboard the north bound train this morning and will be rushed to San Francisco for medical treatment. He was accompanied by Dr. McLeod.

Stewart was taken ill several days ago but his condition did not become critical until yesterday. This morning he was in a very weakened condition and experienced a relapse at the depot while waiting for the train to arrive. He is being given constant medical attention and every effort will be made to prevent a further relapse until his arrival in San Francisco where he will be placed in one of the leading sanitariums and undergo treatment at the hands of specialists.

KELLIHER IS CONVINCED AND WILL MODIFY BILL

CARSON CITY, Feb. 14.—So many objections were registered against the Kelliher bill providing for the examination of school children to determine whether they were suffering from defective eyesight or hearing or diseased teeth and he has decided to have the bill indefinitely postponed, together with the substitute offered by outside parties, and introduce another measure which he believes will meet the objections raised.

The new bill will provide for the DISLOCATED SHOULDER BY FALLING DOWN SHAFT

H. G. Taylor, shift boss at the Belmont, was treated at the Miners' hospital this morning for a dislocated shoulder. The injury was received as the result of a fall of about seven feet down a shaft. The shoulder was painfully wrenched and it will be several weeks before Taylor will have recovered its use. He was treated by Dr. McDonnell.

(By Associated Press)

CHARLESTON, W. Va., Feb. 14.—Five members of the legislature, Senator Smith, Delegates Rhodes, Hill, Ashbury and Duff were indicted today for bribery in connection with the election of a United States senator.
